LIBERAL CONSTRUCTION. From Oct. 29, 1874, to 1878, the sheriffs of the saveral counties drew from the state

treasury for conveying means persons to the assign, the sum of \$19,076 1; more than they were slowed by law, and they would doubtless have drawn more had not the final f or this purpose become exhausted. Of this sum, however, Mr. Juffery, democratic candidate for state senaror, only got \$166.80 owing to the fact that the asylum is in his ballwick. But we have not hear, that he has refunded even this triting-amount, though the supreme court has deciden that he was not entitled to it.

During the same time the phiriffs were

The state's prison is 60 miles away and Mr. Jeffery had a little better chance to pile up the charges than he had in the matter of conveying convicts to the penitentisty and realized the sum of \$1470 prolit during a portion of his two terms as sheriff of this county. A BRIGADIER'S RANT Mr. Vest one of a brace of confederate brig-

diers representing the democracy of Missouri in the senate of the United States, has been making a speech in that body which is notipeable for a variety of things, but chiefly for its visulence toward the republican party. Vest tooke, oriensibly on the Kellogg Spotford ountest, but as reported, his speech had dit really little or nothing to do with that sub-lect. I was for the most part a bitter dis-French and Gorman Sunst. Vancouver Transportation Co. tribe airned at the word "lovaity" and those who were loyal to the government during the war. He apparently belongs to a class of per ple who believe that the word loyalty has meaning in a government like ours. At all evenue he seemed incapable of drawing any distinction between it and republican-ium, and being opposed to the latter, ab inches and through the whole history of the war, be very naturally vented his malignity or a ment which he with his followers plotted to overthrow. Even some of those who had fought under the confederate flag with him e in for a full measure of his vituperacame in log a full measure of his vitopera-tion, because they have united with the re-publican party to help build, np. what they had sought to deatroy. There was, an inten-sity and virulence in his derivatation which indicated thow theroughly his feelings were emissed and how little Mr. Year has changed since he don'd the gray aid took the ex-portated cath prescribed for an ex-rebet soember of the United States senate, under a government against which he played the part of smitor and conspirator. THE PROPOSED BARBOR.

We print this morning a letter on the pro-posed harbor of refuge by Prof. Davidson of the coast survey. His long service on the Parific coast line gives special value to his statements and opinions, which there can be directly that the enterprise involving as it does such varied and great interests, and the expenditure of many millions of dollars about the further investigated, and that more positive information should be obtained fore the final decision is made. That he due not consider the proposed improvement a marine necessity, may reasonably be inferred in that the burden of his argument is upon the strictly commercial features of the case statements confirm us in the views of the subject heretofore expressed; that the proposed harbor is not needed strictly as a place of refuge and that so an enterprise for the de velopment of the region adjoining wherever it may be located, the cost would be dispreportionate to the banefits resulting. As a Purific count improvement, the cost which most be shared in appropriation estimates of Oregon, we protest against it, and as an eq rprise to be charged entirely to Olezon. W emphatically oppose it no matter where la-

For county clerk the republicans have nominated one of their strongest men. Mr Bothwick, in honesty and capability, is the peer of any man in the state for the position. History experience in office, and his intinate knowledge of county offices, render him peculiarly well qualified, and his quiet demeanor and accommodating department have won him hosts of friends throughout the county, who will be glad to show their appreciation of him. He served with creak to himself for three years in the army during the war, and carries the marks of rebel but His competitor, Mr. B. G. Whitehouse is a gentleman of the strongest type of the arbon school of politics, good bookkeeps and we'l qualified for the position of keeping the books of the Gas and Water companiel to whose employ he has been for years. Beyoud this he has no aspecial qualifications for the onlye, and in point of fitness to dis-charge the distingly follows he dannot be com-pared to Mr. Burthwick.
